The InclusionBoston Model

1 Discovery & Assessment
2 Dialogues Series
3 Action Plan Development
4 Follow-Up & Outcomes

Discovery and Assessment
YW Boston staff will talk to a liaison to answer questions, gather context, and identify the needs of the organization. Our staff will administer a pre-assessment tool to set a baseline for future evaluations. Using this information, our team will tailor InclusionBoston to help meet organizational goals and complement any existing diversity and inclusion efforts.

Dialogues Series
Our expert facilitators will lead five 2-hour sessions focused on active listening, relationship building, development of shared language and frameworks, and connecting observation to action.

Action Plan Development
YW Boston staff will work with your organization to create and implement a custom measurable action plan. This action plan will take into consideration organizational feedback, capacity, and existing internal efforts, as well as insights gathered during midpoint progress evaluations.

What may an action plan entail?

Closing Evaluation
Evaluation is integral to every part of InclusionBoston. Upon completion of the Dialogues sessions, our team will administer assessments of knowledge of concepts, engagement, multicultural awareness, and other indicators at quarterly intervals.

Follow-Up and Outcomes
YW Boston will report back on the organization’s strengths and areas for growth. Over the course of the program, our staff will provide the organization with tools and recommendations to support the implementation of the action plan. Follow-up processes ensure action is not just planned, but occurs.
